bizhub Di7210

The power of bizhub creates a central resource for all your information: documents in, pages scanned, files shared and workflow unrestricted by time or place.

High-speed 72 ppm output handles the busiest traffic flow with ease – and the bizhub Di7210 gives you rugged construction and a workhorse monthly duty cycle of up to 300,000 pages.

Scan-to-E-mail, FTP, PC or HDD: it's easy to share scanned information faster and more flexibly – with TWAIN-compliant scanning for network distribution.

High-resolution quality with Simitri® Polymerized Toner to enhance detail and definition in all your prints and copies.

7,000 sheet maximum paper capacity (with options) lets you work longer without re-loading paper, accepts up to 110 lb. index stock, handles paper sizes up to 12"x18" for full-bleed proofs and 2-page spreads.

Production-quality finishing

options for in-house printing: half-fold/saddle-stitch booklet-making, tri-fold, z-fold, 100-sheet stapling, 2-hole/3-hole punching, cover insertion and more.

Secure printing lets you send confidential print jobs from your PC – but delays printout until you input a secure password at your bizhub Di7210 control panel.

Pi7200e Print Controller

option opens up a world of advanced Fiery print utilities: DocBuilder for document preview and assembly, FreeForm for variable data printing, WebTools for web-based print control and more.

PageScope software to speed document workflow throughout your organization – and let you manage multiple devices with simple web-browser control.

Tandem Mode combines two bizhub Di7210 printer/copiers in tandem to produce large copy jobs in half the time.

Large-key control panel with intuitive, easy-to-read touch-screen menus and secure password makes operation easy even for first-time users.

Digital Printer/Copier/Scanner. You're at the hub of business information. Moving, sharing, storing information with high-speed, high-volume throughput. Powerful scanning. High-resolution printing. Production-quality finishing. And PageScope software to manage documents and devices.
